The Daily Funding Service Fee

Barley Burrow charges a service Fee for Funding Claimers

Costs stated in Tables above

The service Fee is calculated on a termly based on the session attendance for the Funding financial term. It is then divided into equal monthly payments to match the months within a Funding Financial term.

(This is reviewed annually with inflation- usually For April Time).

The Funds the setting receives from HMRC sadly does not cover all we strive and aim to offer our families. The cost helps us provide additional learning experieces, learning sessions in place to replicate that of primary schools which aids transitions, and have in place additional enhanced family to setting communication tools.

This Fee is not Compulsory for a space and or for us to be able to claim funding however is essential in order for us to be able to provide and in covering the bellow.

The Service fee gives blanket overall coverage for:

- Additional Resources for additional fun topics and activities which are not vital to the learning under the EYFS but allow us to explore fun additional and enhancements of.
- Consumables – Water and milk, a healthy Morning and afternoon snack- ensuring the children have the same healthy opportunities for consuming food and drink in setting boosts their desire to try new foods and gives a wonderful communication mealtime experience with their 'friends'

(Breaky and Lunches additional costs apply)

- Usables - such as wipes, loo roll, hand soap, tissues face and hand cloths, paper towles, Suncream, Sun hats, Aprons etc
- The 'Ovivio' interactive app which parent and team have access to which allows the team to send daily photo updates and observations, provides a messenger chat section for parents and Team members to communicate with each other during setting open hours, keyworkers of children to send seasonal reports on child's progress and for parents to keep up to date with the 'news and upcoming events' in setting, invoices are to sent via blossom educational app
- Outings (safety equipment, Bus fees, the Lower Adult to child ratio to accommodate this and insurance costs for this to take place- which become more common in Carrot crew and reflected in the increased cost)
- Additional learning sessions by special visitors in setting sessions and its open hours e.g Dave Hickory fun with maths sessions the dancing lady,
